All-Bottle™ 1504

www.BergLiquorControls.com
2160 Industrial Drive • Monona, WI 53713 • 608.221.4281 • Sales@BergLiquorControls.com
FEATURES:

- **Reads up to fifteen different price codes** — using either the standard or fast-pour style of Berg’s price coded pourers.

- **Offers FOUR pre-set portion sizes** — adjustable from 1/8 to 10 ounces, for each price code.

- **Get pour counts and dollar totals on demand** — with backlit LCD display.

- **Stand alone reporting** — of X, Z, and Last Z via serial thermal printer (Fig. 1).

- **Easy Programming** — via the menu on the unit’s two-line display OR as part of Berg’s Dispenser network with the Berg licensed software.

- **Mechanical keyswitch lockout** — for additional after hours security.

- **Standard POS/ECR (Serial) Interface** — assures that all pouring activity is recorded at the sales terminal.
